CARE ASSISTANT COVER LETTER

Dear Sir/Madam,

I am humbly writing to express my interest in the Care Assistant vacancy at your reputable company. With proven experience providing medical assistance, companionship, personal hygiene and general daily living support to residents at a magnificent care home, I would like to be a vibrant addition to your infallible team.

For the past year, I have been working as a Registered General Nurse at Seventh-Day Adventist Hospital, Kwadaso-Kumasi, and Kumaninig Medical Centre-Abrepo. Currently, I am working at Woodward Healthcare Limited, where I provide care and companionship to elderly residents. In addition to providing helping hand with meals, medications, and personal care.

Here are some reasons I will be an excellent fit for this job:

- Experience caring for patients with dementia.
- Comfortable working nights and weekends.
- Excellent telephone and front desk manner, receiving consistent positive feedback from staff and visitors.

Additionally, my natural empathy, patience and strong work ethic allow me to form lasting bonds with residents, and I am eager to bring a strong smile across the faces of the residents' lives.

At your convenience, I would be delighted to further discuss how I can contribute to your formidable team with an interview. You can reach me with the above contact and email address.

Thank you for your time.

Douglas Agyei Manu
