

Dear Sir/Madam

Application for the role of Care Assistant

I am writing to apply for the role of Care Assistant which I have seen advertised in your organization. I have had previous experience of working in Care Industry. I am physically fit and have dealt with some challenging circumstances and some that have been very unpleasant but I am not deterred by this and like to do the best I can to provide support and help to the people who need it.

I have had a varied role from helping patients to get up in the morning to helping them with their meals, providing activities and stimulation for them including taking them out into the gardens for walks etc.

I communicate well with others and spend a lot of time interacting with people within the home and also visitors and relatives coming to see their family. I am organized and work well with others. I am not restricted to any working pattern and have had experience of doing some night shifts as well as daytime shifts.

I have enclosed my latest CV for you to look at and I am happy to answer any questions that you may have regarding my skills and experiences. Thank you for taking time to read my CV and I look forward to hearing from you

Yours sincerely

Zinambwa Petilinia
